Parents are encouraged to engage in all aspects of community life and may support their child and the school through volunteerism. The Proctor Academy Parent Association (PAPA) is a service organization dedicated to supporting the students, faculty, administration and staff of the school. In pursuit of this mission, PAPA relies on parent volunteerism to achieve its mission, and opportunities to volunteer are many, diverse and fun. PAPA Steering Committee members are an available resource to parents and can be contacted at any time with questions.
